erglish Morning Talk

minimum

K + A	Good morning principal teachers and fellow schoolmates. We are students
	from 4D.
А	I am Angel.
К	I am Kitty.
А	Hi Kitty have you received seasonal influenza vaccine?
К	No, I haven't. Why do you suddenly ask about this?
А	Do you know, seasonal influenza is an acute illness of the respiration tract
	caused by influenza viruses? Antigenic drifts of seasonal influenza viruses
	will lead to emergence of new strains. You should take a jab once a year.
К	I heard that the virus have some clinical features.
А	Yes. Symptoms may include fever, cough, and running nose. Some may also
	experience vomiting and diarrhoea. Influenza viruses mainly spread
	through droplets when infected people cough, sneeze or talk. The
	incubation period usually lasts for 1 to 4 days. We should refrain ourselves
	from work or attending classes at school when there is a sign of such
	symptoms.
К	Let me test you, do you know how to avoid getting seasonal influenza?
А	Of course! First of all, you should take seasonal influence vaccine. The
